At a meeting of the council last night an ordinance was passed prohibiting bicyclists from riding on the sidewalks or in the parks, confining them to the roads entirely. There is no question in the minds of right minded persons that the road is the proper place for all wheeled vehicles, barring baby carriages; but the cyclists are becoming such an army in Honesdale that they should be looked after. If they must ride in the road town fathers, give them a road to ride in. It is boped by all cyclists that the council will adopt some plan of building good roads in place of dumping stones and small rocks in the road bed. Pneumatic tires object. Necessity compelling, cyclists can use the roads in dry weather, but in wet weather the stones and mud are unconquerable. The matter of open ing up East street was also taken up by the council. Four Bottles of Hood's Sarsaparilla

Effects a Wonderful Cure. *C. I. Hood & Co., Lowell, Mass.: "Gentlemen: As a result of the memorable blizzard of March, 1888, I contracted muscular

rheumatism; at that time I was engaged on a Job of steamfitting in Plainfield, N. J., and it was necessary for me to wade through the snow to the building, a new residence, in which we were working. For eighteen months after wards I was laid up with muscular rheumatism and sciatica. I then joined my son-in-law in Denver, Col., where I was engaged in steamfitting and engineering, and where I commenced to take Hood's Sarsaparilla for my rheumatism. It cured me not only of the rheumatism and sciatica, but also of outward piles, from which for thirty-three years I had suffered A Thousand Deaths.

Previous to going to Denver I visited the

while that I should die at that late day from the

University of Pennsylvania to be operated upon. The doctor pronounced my case elongation of the bowels and the worst he ever saw. He refused to perform an operation, saying that after

effects of the knife, and die I would if he used it. No Man Can Conceive what I suffered for thirty-three years. I tried all sorts of remedies and treatments, often

without the slightest relief. Four bottles of Hood's Sarsaparilla not only relieved, but cured, both the piles and rheumatism. The Hood's Sarsarills Cures only trace of rheumatism which I feel now is a little stiffness when the weather changes, and

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but laid with them half open. About this time, at the earnest request of friends, I started using the CUTICURA REMEDIES, and in one month she was completely cured.
The doctor and drug hills were over one hundred dollars, the Cuticura bill was not more
